Professional Summary

Experienced Frontend Developer specializing in React.js with more than 4 years of hands-on experience in designing and developing responsive web applications. Proficient in JavaScript (ES6+), HTML5, CSS3, and Bootstrap with modern frontend frameworks. Proven ability to deliver high-quality projects in agile environments while collaborating effectively with cross-functional teams.

Technical Skills

- **Frontend Frameworks/Libraries:** React.js
- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **UI Frameworks:** Bootstrap, Material-UI
- **API Integration:** RESTful APIs
- **Version Control:** Git, GitHub
- **Responsive Design:** Media queries, Flexbox, Grid

Experience

Deloitte – Web Analyst (December 2021 – Present)

- Developed and maintained responsive web applications using React.js, HTML5, and CSS3 and JavaScript.
- Implemented complex user interfaces and interactions, ensuring seamless user experiences across multiple devices.
- Integrated RESTful APIs to fetch and manipulate data, improving application functionality and performance.
- Collaborated closely with UI/UX designers to translate wireframes and mockups into interactive prototypes and final products.
- Created reusable React components and libraries, optimizing code reusability and development efficiency.
- Managed component props for seamless data flow between parent and child components, ensuring a modular and scalable application architecture.

Brand Mender – Web Analyst (March 2021 – August 2021)

- Developed frontend using modern web development technologies such as HTML5, CSS3, JavaScript.
- Participated in sprint planning, daily stand-ups, and code reviews in an agile development environment.

AffinityX – Web Developer (March 2019 – May 2020)

- Designed and implemented frontend interfaces using JavaScript, HTML5, and CSS3.
- Closely collaborated with UI/UX designers to convert interactive prototypes and final designs from wireframes and mockups.
